## SMOKE ALARM DAY 1.12.2016

Smoke Alarm Day takes place in the Northern countries annually at December 1st. The day is aiming towards generate discussion about fire safety and encourage people to take responsibility for their own fire safety. Only a working fire alarm saves lives!

Remember that your duty as a rental inhabitant, by law, is to get a smoke alarm to your home and take care that it works.

### Testing the smoke alarm

Test the smoke alarm regularly by pressing the test button. When the button is pressed the alarm will make a loud noise.
